

OUR BLOOMING BUDS

NEWS LETTER: PRE-SCHOOL (DECEMBER-2016)

“If a child cannot learn in the way we teach, we must teach in a way the child can learn”

- *Anonymous*

Dear Parents,

Maintaining a happy atmosphere at home is one of the most important things for nourishing a child’s mental growth. At Summer Fields School, we look for hidden talents and tap the potential in each of our students and try to groom them through interactive learning and activities. The discovery and fostering of this potential is an integral part of the journey we call “**School**”.

Our Value Education theme for November was ‘**Help to Others**’. It was explained to the children that it is our moral and social responsibility to help those who are in need. In the ‘**Talent Show**’ the children danced to the tunes of their favourite songs and showcased their dancing skills. A ‘**Fancy Dress Competition**’ was organized wherein the children came dressed as their favourite helper and spoke a few lines. In ‘**Kiddies Kitchenette**’ our little chefs made a ‘**Corn Salad**’. They loved the experience of preparing, sharing and eating the salad with the rest of the class. In ‘**Science Experience**’ the ‘**Life Cycle of a Butterfly**’ was explained to the children. They were fascinated to see the different stages in the growth of a butterfly. ‘**Children’s Day**’ was celebrated to mark the birth anniversary of Pt. Jawaharlal Nehru. The festival of ‘**Guru Purab**’, which is Guru Nanak Dev Ji’s birth anniversary was also celebrated. Halwa was distributed as Prasad to the children. This month’s ‘**Show and Tell**’ saw our little ones stand before their friends and speak a few lines with a self-introduction on what they wish to become when they grow up.

We welcome the month of December with promises of more enjoyment, fun and learning. The **'Show and Tell'** will be based on the theme **'Festivals'**. Our children will talk about festivals. They will also bring appropriate props. In **'Kiddies - Kitchenette'** we will teach the children to prepare vegetable sandwiches. They will have fun working together and preparing sandwiches along with their teacher. In the **'English Recitation Competition'** the children will recite poems with actions. They will also play intra and inter class cricket matches. This month's **'Science Experience'** will be **'Fun with Pinwheel'**. The magic of a Pinwheel will be shown to the children. The Value Education theme for this month will be **"Friendship"**. We aim to bring an understanding of the importance of friends in our lives.

The month will end with the excitement of Christmas celebrations. The children will decorate a Christmas Tree and will make bells, socks and other Christmas decorations. An **'Open House'** will be held on **24th December**. We request all parents to attend and discuss their child's progress with their teachers.

On this happy note, we bid farewell to 2016 and look forward to welcoming 2017!

WISHING YOU A MERRY CHRISTMAS AND A HAPPY NEW YEAR
