

Summer Fields School

Kailash Colony, New Delhi - 110048

ACADEMIC SESSION: 2022-2023

CLASS - NURSERY

NEWSLETTER - APRIL2022

“Childhood is a chance for kids to discover who they are before the world tells them what they should be”.

Dear Parent,

Each year, the month of April marks the beginning of the new session. It is the most interesting and much-awaited time of the year. The school corridors once again bustle with our precious little gems, resplendent with gleaming eyes and beaming smiles, adding a lot of fun and excitement.

The magical first day of school never fades away from our memories. Though a little skeptical about their new home, eager children with scrubbed faces and brand-new backpacks stream onto the corridors of the school. Their bright eyes reflect their feelings of excitement and anticipation. We aim to enhance their understanding and grasp of academics, language development, creative and performing arts, life skills, physical education, and computers. Our dedicated team of teachers will be available at every step to provide guidance, support, and encouragement. We wish them the very best on the learning journey ahead and hope to see them stride cheerfully into the future with growing confidence each day.

At Summer Fields School, we have strived to combine a thematic and integrated approach to teaching. The purpose is to enhance conceptual clarity and imbibe learning simply and interestingly. The focus will be on the child's comprehension of every aspect of learning to facilitate overall growth. A newsletter will be sent to you at the beginning of every month along with a fortnightly planner apprising you of the activities for the month. These can be accessed on the School's website and on Edunext.App. The day will commence with a morning prayer, exercises, and circle time followed by a plethora of fun-filled activities planned in accordance with the theme of the month. The children will be introduced to colours, craftwork, life skills, rhymes, pattern writing, EVS, dance, music and hordes of fun and frolic activities.

So, we set the stage for learning by providing an environment that encourages children to actively explore, play, experiment and try out their own abilities. The concept of preparing the environment is very important because young children learn best through their own self-initiated activities. School timings from 4th April, 2022 onwards for Nursery children will be 7:50am to 12 noon.

Kindly note:

- Children to wear their Identity Cards every day.
- Parents/guardians/van drivers must carry white I-cards while coming to collect their ward at departure time. Yellow I-cards are for bus users. Pink I-cards to be worn by the children using private transport.
- Tracksuits to be worn only on Fridays with white shoes.
- Leave applications are to be sent to the class teacher whenever your child takes leave. All applications to be sent on an A4 size sheet or Edunext. App.
- Bags, lunchboxes and water bottles to be labeled with name and class. It is compulsory to send a cloth napkin with the tiffin.
- Parent-Teacher Meetings will be held from time to time to update you on your ward's performance. Parents must attend all PTMs.
- The child should be toilet trained. Send an extra set of clothes in the bag every day.
- Almanac is a means of communication between parents and teachers. Kindly ensure that the child carries it to school every day.

We anticipate a lively year full of learning, enthusiasm, and fun. We look forward to your interactive participation and support.

LIST OF HOLIDAYS

Mahavir Jayanti April 14th

Good Friday April 15th

Looking forward to your support as always.

With warm regards,

PRINCIPAL

Ms. GEETA KARUNAKARAN
