

PTM REPORT OF CLASS IX

CONDUCTED ON 29th JANUARY 2022

The virtual PTM was conducted smoothly in all sections of class IX.

1. Interaction was done with the Parents concerning their ward's attendance and performance in PT-3.
2. Annual Exam schedule was discussed. Parents were informed that the exams will be offline (if conditions are favourable), so they should ask their wards to take them seriously.
3. Parents were informed to keep an eye on the circulars shared by school from time to time on Edunext.
4. Parents were advised to monitor their wards during online classes and to make sure their wards maintain discipline and take the online classes. Parents of irregular students were informed about the importance of attending online classes regularly. Parents were also informed that 75% attendance for all students is mandatory.
5. Vaccination for all students born till the year 2007 is mandatory as per the DoE, so the parents were requested to get their wards vaccinated asap.
6. Parents were requested to make sure that their wards wear the school uniform while attending online classes.
7. Reminder was given for pending fee and were requested to clear all dues asap. They were also informed that the last date to pay fee is 10th of every month.
8. Parents were satisfied and reassured that they will cooperate with the school in future also.
9. Parents highly appreciated the efforts being made by the school authorities and the hard work put in by the teachers and expressed their gratitude for the same.

The online PTM was a success.
