Dear Parent,

The vibrant colours of the spring season rejuvenate the spirit and inspire regrowth and rebirth. The blooming daffodils, swaying tulips, lush green leaves, buzzing bees and the fluttering butterflies herald the spring season and motivate each one of us to glow as brightly and beautifully as them.

The last month was full of academic and co curricular activities where in the students participated whole heartedly.

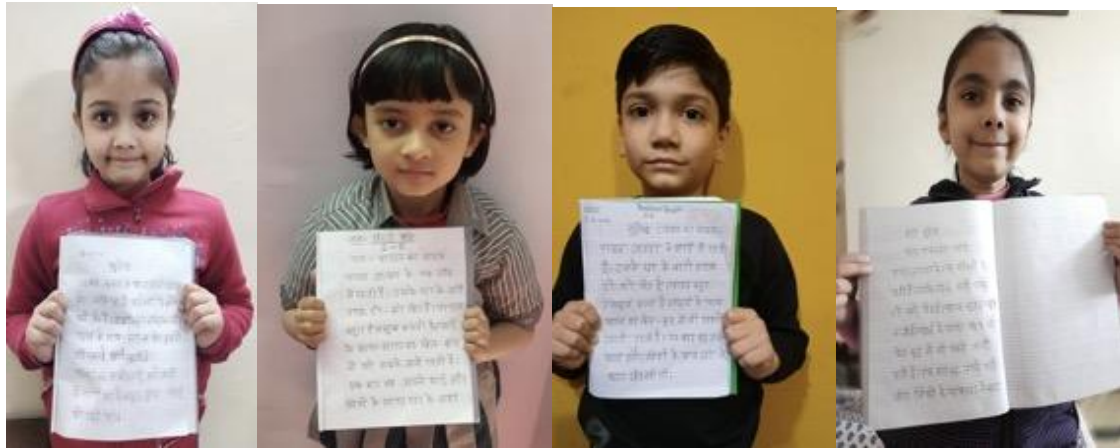

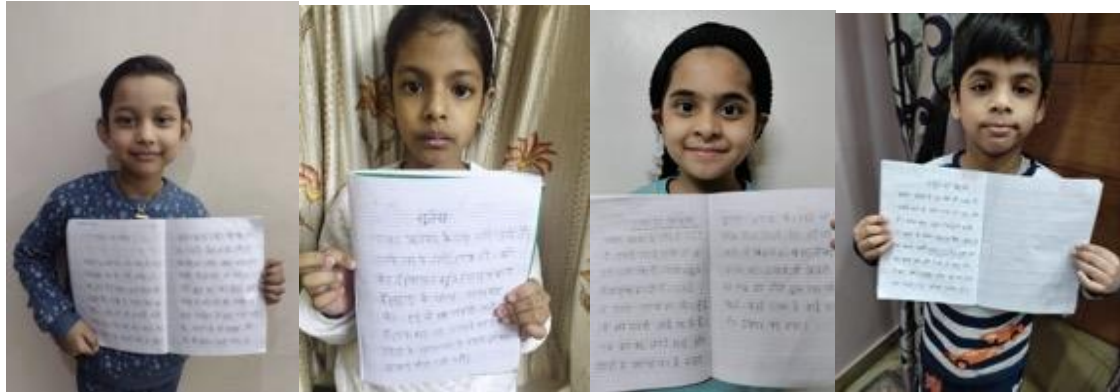

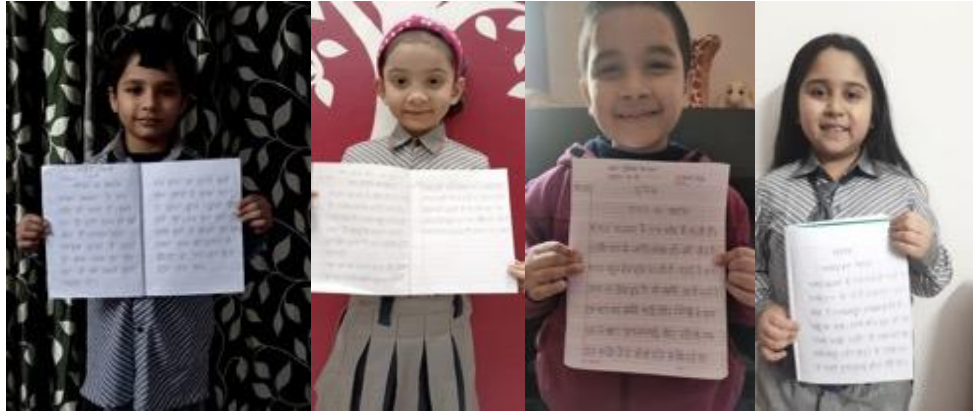

The Hindi Literary Week was held from 17 January 2022 to 20 January 2022. This Week comprised of various activities like Hindi recitation and Hindi handwriting. The students recited amazing poems on various topics like environment, pollution, water, mother etc. with charming actions. They participated with great delight, self confidence and lots of enthusiasm.

Here are a few glimpses of the activity.

The Hindi handwriting activity was held on 18 January 2022. The aim of the activity was to encourage precise letter formation, writing skill and to develop a connection with the language script. The little ones enjoyed creating wonderful pieces of texts during their classes and were duly applauded.

Here are a few cherished moments of the activity.

The 73rd Republic Day was celebrated heartily by all the students. They were given information about ‘when’ and ‘how’ the country became a republic. On this occasion the budding citizens showcased their deep nationalism in various activities like singing the national anthem, national song and patriotic songs. They also indulged in various art and craft activities like making tricoloured peacocks and diyas.

Here are a few snapshots of the activity.

The month of February will have various online activities to make learning fun. The online oral assessment will be held from 15th February 2022 the syllabus and dates of which is already shared. Wishing the children all the best for the same.
