"Education is not the learning of facts, but the training of the mind to think." - Albert Einstein

Dear Parent,

We are extremely delighted to have our little angels back amidst ourselves, after the break. They enliven our school corridors with their playful chatter and laughter. Hope you all are charged to get into routine with renewed vigour and zest.

With your constant support, we have endeavoured to grow from strength to strength, hereby bringing about positive changes in all our children. At Summer Fields School, we create a stimulating environment where young children acquire the confidence to learn and adapt seamlessly to the fast changing world.

We hope to make learning an enjoyable experience for them. Our focus will be to ensure that the students have fun through various engaging and enthralling activities, both inside and outside the classroom.

We would like you to take note of the **examination policy** for the current academic session.
