ORIENTATION REPORT

KINDERGARTEN

“A parent is a teacher at home and a teacher is a parent in school and the child is the centre of our universe.”

An Orientation programme for the new set of parents of class Kindergarten was organized on March 25, 2022 to get them acquainted with the curriculum, rules and regulations of the school. The programme commenced with the ceremonial lighting of lamp followed by the welcome address by the Principal. The Principal insisted the parents to have conversation with their child. She urged all parents to be supportive, to be involved and to stay involved with their child. She insisted on inquiry based learning for children and shared tips on good parenting. She discussed the importance of punctuality in our lives and urged parents to spend quality time with their child.

Many fun filled activities were organized for the parents to make them familiar with each other and to promote parental involvement. The learning outcomes of these activities were discussed.

The Kindergarten Co-ordinator did a presentation to apprise the parents of the objectives and the philosophy of the school.

The Principal also gave the parents an opportunity to have their queries answered. Parents were then requested to move to the classrooms where the respective class teachers gave them an overview of the various subjects, teaching methodologies and the co-scholastic activities
