REPORT ON ORIENTATION PROGRAMME

CLASS VI-VIII

28-03-2022

“Your children are not your children.

They are the sons and daughters of Life’s longing for itself.

They come through you, but not from you,

And though they are with you, yet they belong not to you.”

- Kahlil Gibran

Student Orientation Programme plays a vital role in student’s transition and involvement. Effective communication between parents and teachers is always beneficial. In pursuit of the same, Summer Fields School, Kailash Colony organized an ‘Orientation Programme’ for the new set of parents of the students admitted into the classes VI- VIII on 28 March 2022 at the school premises to familiarize the parents and the students, “as partners in progress”, with the curriculum, rules and regulations of the school, along with the teaching methodologies and the co- scholastic activities.

The orientation programme commenced with a formal welcome address to the parents, where they were welcomed, greeted and thanked for sharing responsibility of their child’s success, with the school as well as the teachers. The parents and the students were then briefed about the rules and regulations of the school. The Power Point Presentation was shown to the students, in order to give them a sneak peek into the scholastic and co-scholastic activities of the school and also to make them well versed with the system of evaluation and assessment.

Later, the queries of the parents were resolved by the Class Coordinators of classes VI- VIII, respectively. After that, the subject teachers were introduced, and they gave a brief overview of the various subjects and the activities which would be

undertaken in the year ahead. The co-scholastic activities were also discussed that gave the parents and students an idea of the curriculum which is self- directed with hands-on-learning activities that not only give our students a medium to fully utilize their creative talents and energies, but also help them in their all-round development.

The orientation programme proved to be a sincere effort made by the school in educating the parents to look after and guide their children in a proper manner. It also helped in evolving a common teaching and helped the parents in identifying suitable follow up methods to reinforce the learning process of their children.

Overall, the Orientation programme was highly successful. The success of the programme can only be accredited to our revered Principal ma'am, Ms. Geeta Karunakaran, without whose guidance and support, this programme would not have been fruitful.

Here are the glimpses of the Orientation Programme for classes VI-VIII: -
